Days 2-5: Central Kalahari Game Reserve, Camping

You will wake up as the sun rises and enter the pristine wilderness of the largest game reserve in Botswana. The next four days will be spent exploring the undeveloped wilderness of the northern region of the Kalahari, moving from camp to camp. You will visit Passarge Valley and Deception Valley in your exploration of the Kalahari. Savour the vast open spaces, clear night skies and uninterrupted beauty on game drives and at camp. This is adventure camping in its purest form as water and communications are limited and we travel as a self-sufficient group. Camping is in a designated campsite with fixed/bush ablutions.

Day 6: Maun

After our final morning game drive in the Kalahari we break camp and return to Maun where one night will be enjoyed in the comfort of a lodge.

Day 7-8: Okavango Delta, camping

Your adventure will take you to the westerly direction from Maun to the western side of the Okavango Delta, a special corner of paradise. Once you have reached the edge of the Okavango Delta, you will be transferred to mokoros and cruise along the narrow papyrus-lined channels enjoying the exquisite birdlife of the region as well as the stunning landscape. You will set up camp in one of the designated islands. You will spend three days exploring this beautiful area on mokoro excursions and taking guided walks on the islands and floodplains of the Okavango. Your camp will have tents with bush ablutions.

Days 9-11: Moremi Game Reserve, camping

From the Okavango Delta you will drive through to Moremi Game Reserve, one of the best wilderness areas of Botswana which covers swamp and dry areas. The next four days you will be spent searching for the wide variety of wildlife and birds that this area is renowned for while absorbing the sounds and beauty of this region. Game drives in the early morning as the sun rises and in the late afternoon as the sun sets will be the norm. After your morning game drive you will return to camp for lunch and a siesta. Camping will be in private designated campsites with bush ablutions.

Days 12-15: Savuti

Savuti with its diverse and striking landscapes, will be your next destination. As you continue your search for wildlife, you will traverse the drier region of Savuti where bull elephants dot the plains. You will then head to the Savuti waterholes where all the animals come to have their drinks twice a day, this because the Savuti channel is dry and there are some water holes provided by the authorities. You will also have the chance to visit the rock paintings hills, where you will see the paintings done by the bushmen. Camping will be in private designated areas with bush ablutions.

Days 15-16 Chobe National Park

After a morning game drive you will drive to the other side of the park. Chobe National Park, with its diverse and striking landscapes, will be your next destination. As you continue your search for wildlife, you will traverse the wet region of the Chobe National Park. You will then head northwards to the Chobe River where your game drives will meander along the banks of the river, followed by the call of the majestic African Fish Eagle. Camping will be in private designated areas with bush ablutions.
